

Hymn

God bless the "Santa Maria"
"Pinta" and "Nina" and help them steer
A straight course through the waves.

Lord send a wind to speed them
And your guiding hand to lead them
And keep them from their graves.

God bless Christopher Columbus
May he return safe to us
Navigate by sun and star.

Give all his crew the courage
They need upon their voyage
Till they reach a land so far.

[Instrumental]

Give all his crew the courage
They need upon their voyage
Till they reach a land so far.
